TEMPEST is the cult arcade game that takes you through three dimensional grids into the blackness of interstellar space where strange creatures creep out of wormholes to attack the Wireways and destroy you. This official version of TEMPEST retains all the tension, excitement and features of the arcade version leading you into a universe where your survival is dependant on the quickness of your reflexes.

ALIENS

There are some places in the universe you don't go alone.

As darkness descends Alien Warriors enter the base where Ripley and her companions are waiting. Nervously flicking the safety catches off their Smart Guns, they creep forward to meet a most hideous nightmare: the Aliens.

Aliens is a Multiple Character Arcade Game in which a well thought out strategy must be used to overcome the Alien Queen and her brood.

Based on the science fiction thriller "ALIENS" the game takes you into a confrontation with the most ruthless creatures ever to have appeared on a cinema screen.

In ALIENS, you become the battle hardened elite Space Marines, YOU become Flight Officer Ripley, the devious Burke, and Bishop the artificial man.

ALIENS is a spine chilling thriller of a game in which you must master your fear before you move into the ominous silence of the Alien infested base.
